Dear Sir or Madam

**REQUEST FOR THE RENEWAL OF THE CANADIAN
DOCTORS IN LENAKEL HOSPITAL**

**On behalf of the native custom villages of Tanna, I the most
respected custom chief Mangau of Yakel custom village in
representation of my late beloved father Johnson Kawia (the
sacred prophet of the connection between Tanna and the
western world) here by with all the powers vested in me,
taking this opportunity to submit to your supper kind
assistance the Canadian doctors association the need of the
people of Tanna.**

**I understand that there is a reason for the home going of all
the Canadian doctors but am concern about the link
between Tanna and the western world
Especially America and Europe and that it is a custom
believe that through this connection we achieve the most
effective services though it is part of the fulfilment of our
custom prophecy.**

**I want to confirm that the most effective service is achieve
through divine commitment and that in consideration to the
health service here in Tanna as due to the faith and trust of
the people of Tanna, the most effective divine service is the**

service we receive from the Canadian doctors that no other persons can manifest though we believe that it is part of our the fulfilment of our custom prophecy and of course it is my duty to ensure that this service is maintain and continue to the future for the life of my people.

In addition I want to advice the Canadian doctors association that without the support from the Canadian doctors, we wouldn't have the improvement in our health that has brought us great changes in increasing our population and reduces deaths. I also want to confirm that the relationship between America and Tanna is not just a support for the people but it a brotherly relationship that under the rules of Tanna's custom it must be maintained and brought forward to the future for the life and good health of my people and for the fulfilment of our final prophecy.

With the above concern I now request the renewal of the contract of the Canadian doctors here in Tanna to remain from now and in to the future. So may this pleased your kind assistance and support the Canadian doctors association and the V I B A to consider this request and satisfy it for the sake of my people's life. Your kind assistance and support will be very much appreciated. Thank you for your cooperation'

Yours sincerely
